She walks out, once again, frustrated. She figures, now, that the shop assistant obviously recognized her face from last time, and she goes to have surgery on her face. She waits four weeks, just to be sure, before walking back into the appliance store. Once more, she says, "I'll have that TV." And the shop assistant replies, "Sorry, we don't serve blondes." The blonde now finally gives up and asks, "How the hell do you know I'm a blonde?" The shop assistant replied, "Lady, that's a microwave."

- A blonde and a brunette are walking along a road. Suddenly the brunette gasps. "Look, a dead bird!" The blonde looks up. "Where?"

- Three blonde friends are walking down the road. One finds a bottle and opens it. A genie flies out and says, "I will give you each ONE wish."

The first says, "I want to be 100% smarter." POOF! She turns into a brunette. The second says, "I want to be 50% smarter." POOF! She turns into a redhead. Then the third says, "I want to be 100% smarter than both of my friends." POOF! She turns into a guy.

- Alternate ending: Then the third says, "I want to 100% dumber." POOF! She turns into a guy.

- A married couple were asleep when the phone rang at 2 in the morning. The wife (undoubtedly blonde), picked up the phone, listened a moment and said, "How should I know, that's 200 miles from

here!" and hung up.

The husband said, "Who was that?" The wife said, "I don't know, some woman wanting to know if the coast is clear."

- A blonde was driving down the freeway when she received a call on her cell phone. "Be careful", the person on the other end said, "there's a car driving the wrong way on your road!" The blonde replied, "I know--heck, there's HUNDREDS of them!"

- A brunette, a redhead, and a blonde decide to go for an expedition in the desert. The brunette brings water and the redhead brings food. They see the blonde coming and she is dragging something behind her. When she reaches them they see that it is a car door. They ask, "Why did you bring that?" The blonde's reply is, "So I can roll down the window in case I get hot."

Variation: The blonde's reply is, "So I can roll up the window in case it starts to rain."

- A blonde in Dallas was on an airplane bound for Los Angeles. The blonde was sitting in the middle of the plane, but she decided to move to an empty first class seat. A few minutes later, the steward walked by and saw the blond. The steward said: "Ma'am, this isn't your seat. Please go back to your seat." The blonde replied: "I don't want to go back to my seat. This one's more comfortable." The steward came back with the copilot a few minutes later. She had told the copilot what had just happened. The copilot said to the blonde: "Ma'am, please go back to your seat." The blonde replied: "I don't want to go back to my seat. This one's more comfortable." The steward and the copilot then went to the captain. When the captain heard about the blonde, he said: "I know how to handle this." The captain walked over to the blonde. He whispered something in her ear, and then she walked

back to her seat. The steward and copilot then asked the captain: "What did you say to her?" He replied: "I just told her that the first class seats will take her to New York City instead of Los Angeles."

- A blonde gets locked out of her car. She thinks what to do for a while and decides that she should find a piece of wire and catch the latch (as the window wasn't completely shut). She looks around and sees a gas station some 200 meters away. She rushes there and explains her situation to the brunette employee who gives her a piece of wire. The blonde rushes back to the car, followed (at a distance) by the employee who can not believe in her eyes and ears. When she later arrives at the car the blonde has already passed the wire through the window while another blonde is sitting in the car telling her: "A bit to the right, a bit to the right";

- Two blondes are sitting high on a tree branch; the one closer to the trunk is holding a saw and is busy cutting the branch. An old lady passes by and yells at them: "Be careful, you will fall!". The blondes laugh at her. The old lady leaves and after a while the blondes fall. A couple of weeks later the blondes are sitting on a bench wrapped in bandages. The old lady passes by. One of the blondes shoves the other and tells her: "Look! The fortune teller!";

- A blonde is driving through a remote country town when suddenly her car breaks down. Distraught, she wanders down the highway until she comes to a petrol station, in which a lone attendant stands. She tells him of her situation, and asks if she can call her boyfriend to come pick her up. The attendant sees that he can take advantage of the situation, and leers suggestively at her, "Sure, but first *you* gotta do something for

*me*

.&quot; He leads her to the toilets at the back, drops his pants and tells her to kneel before him, saying, &quot;Alright now, you know what to do.&quot; The blonde puts her mouth to his penis and says, &quot;Hello?&quot;

- Two blondes are walking in a forest, they spot a pair of tracks. One suggests they're bear tracks, while the other says that they a fox tracks. Then they get hit by a train
